https://www.linkedin.com/in/yajushigarg1207/

A dedicated student studying software engineering with solid communication and analytical abilities, eager to learn the fundamentals of workplace culture, and willing to work with exceptional supervision.

KEY COMPETENCIES

Computer Fundamentals	Windows Operating System
Microsoft Office (MS-Word, MS-Excel, MS-PowerPoint)	HTML5 & CSS
Java Programming	JavaScripting
Python	C#

SUMMARY OF QUALIFICATIONS

- Currently enrolled in Advanced Diploma in Software Engineering Technology at Centennial College.
- Practical knowledge of the Agile/Scrum methodology as well as expertise in technical troubleshooting.
- Capability to build software applications using creative, user-centered designs and unique ideas.
- Fast learner with strong problem-solving abilities exhibited via job and academics.
- Excellent team player and self-sufficient worker.
- Multilingual: English, Hindi, and Punjabi.

EDUCATION

Software Engineering Technology Co-op Advanced Diploma   Sept. 2022-Present
Centennial College, Toronto, ON

Related Courses:

Programming I, II, III	Software Testing & QA	Client-Side Web Development
Networking for Developers	Web Interface Design	Java Programming
Software Engineering Methodologies	Unix/Linux OS	Mobile App Development
Advanced Database Concepts	Web App Development	Data Structures & Algorithms

EXPERIENCE

Web Designer Intern   Nov 2021- Aug 2022
Official Solutions

- Over 50 pages were created by programming code in HTML, CSS, JavaScript, and other languages.
- Determined the coding needs for site construction, such as ecommerce, security, and specific scripts.
- Tested, debugged and reviewed the website design for responsiveness, clarity, and effectiveness.
- Maintained and updated website functionalities in collaboration with the web development teams.
